

LIFE'S A PUZZLE: LESSON NOTES

We all are made up of “puzzle pieces,” that, when combined, create an overall image of who we are. Your hobbies, interests, personality, and talents all are parts of your life that create the picture of you. The challenge is making sure each puzzle piece is put in the spot it was destined to go. Friends, school, future career goals, romance, education, and church events, all have a place, but we must make sure we never make them a priority above our walk with Jesus Christ. There is a “God-spot” in the center of our hearts only Christ can fill.

Lesson Scripture Focus: Matthew 6:33

Lesson Notes:

We are all born with a “puzzle piece” of our lives missing. That piece is _____.
